

INT. CHANNEL 4 STUDIO.

JON SNOW

This is the Channel 4 News. I'm Jon Snow. With my Snowy White hair.

Top Story! Scientists in Mexico have discovered a new breed of Monkey. We sent Krishnan to check it out.

Camera cuts to Krishnan who's in Mexico stood next to a Monkey sat in a tree. The monkey's face looks identical to Jeremy Paxman.

KRISHNAN

Thank you Jon Snow with your snowy white hair. I'm here with one of the Monkeys that scientists managed to capture. I suppose the first thing that stands out about this creature is the lovely speckled egg shell pattern on his fur..

JON SNOW

I'm sorry to interrupt you Krishnan but the first thing that stands out to me is that this Monkey looks exactly like Jeremy Paxman!

KRISHNAN

I don't think Jeremy Paxman will thank you for that comparison Jon.

JON SNOW

I wasn't trying to be rude.

KRISHNAN

I think you were.

JON SNOW

But he does look like Jeremy Paxman!

KRISHNAN

Well I suppose there is a slight similarity.

JON SNOW

Slight?! They could be long lost brothers!

KRISHNAN

Yes, well anyway back to this fascinating fur coat that..

JON SNOW

Sorry Krishnan, I hate to go on about this but I think our viewers would like to know more about this

2

Jeremy Paxman link. Does the monkey share any other characteristics with Jeremy? Does he sound like Jeremy, does he TALK! like Jeremy?

KRISHNAN

Of course he doesn't talk like Jeremy Paxman! He's a monkey! He doesn't talk like anyone. He doesn't host late-night political talk shows either!!

And I have to add Jon, I'm getting a little fed up with the dumbing down in the media and the continual obsession with celebrity based stories. I'm trying to tell you some scientific facts about this Monkey's fur and all you want to talk about is Jeremy bloody Paxman.

JON SNOW

I'm sorry Krishnan, you're quite right. Please carry on, tell us some more about this fur.

KRISHNAN

No I don't want to anymore, you've completely ruined it for me. Back to you Jon.

JON SNOW

Ah right, OK. Well that was Krishnan Guru Murphy reporting on the newly discovered breed of Paxman Monkey and...

Jon looks to his editor off camera.

JON SNOW

Oh Come on!! That can't be its name!!
